

OUR COMPANY

DANIELS COMMUNICATIONS is a global Recruitment and Talent Development Specialists, we leverage digital technology and cognitive tools to source, identify and match the best candidates with organization's talent requirement. And, customize professional development training programs that strengthen employee skills and improve workplace performance. We provide service to the Caribbean and the United States.

Our team possesses over 50 years of collective experience in learning and development and human resource management. We hail from around the world, to include throughout the Caribbean, United Kingdom and the United States, armed with an in - depth understanding and experience with managing the needs and demands of government and private sector businesses and the challenges faced with accelerating employee performance. We specialize in leadership training, employee development, coaching and cross - cultural communications for business professionals in Jamaica and throughout the Caribbean. We are passionate about working diligently to help our clients find the right person for the right job to ensure the right fit!

We are Leadership Recruitment and Talent Development Specialists -

- We recruit for supervisor to C-Suite professionals who are high-performers
- We design and develop training courses and programs that excel employee performance

"The training was extremely thorough and delivered in a way that appealed to everyone and the instructor did an excellent job at defusing a negative conversation turning something that could have been negative into a positive situation."

- Martha Williams,
Liberty County BOE

DANIELS COMMUNICATIONS**

TESTIMONIAL

"This (team-building offsite) was no easy feat. There was one person who came to mind for such a complete challenge with many moving parts: Jewel Daniels Radford of Daniels Communications. These challenges were built to incorporate all of the key cultural behaviors that we want our people to embody; attributes such as curiosity, communication and selflessness, to name a few."

- Kishman Spence, Director, CARE Operations, Vistaprint
